### Commercial Banking and Finance - UK

“Banks must confront the challenges of digital structural change and redesign their operating models. By strategically connecting their businesses with the vast amount of data available to them, such as through the cloud, they can build intelligence on customers’ evolving needs, which can drive value.”

– Lewis Cone, B2B ...

## February 2018

### Accounting and Financial Management - UK

“Many recent acquisitions by major accountancy firms have revolved around the technology space, such as big data, analytics and digitisation, which is playing an increasingly important role in consultancy services. This trend is set to continue, with larger firms looking to strengthen their multi-disciplinary skills and advisory practices through medium-sized ...

### B2B Insurance - UK

“With most insurance premiums rising, businesses are seeking alternatives to the traditional products on offer. Insurers need to adapt existing operating models to meet this demand otherwise new entrants to the industry, who could benefit from quickly adapting to policyholders’ needs, will overtake insurers in the same way that technology-led ...
