### **Data Sharing in Financial Services - UK**

"2023 marks the fifth anniversary of Open Banking in the UK, reflecting the innovation in technology and data usage in financial services. One fifth of consumers are more willing to share their financial data as a result of the cost of living crisis. This highlights the importance of budgeting tools ...

### **FinTech Challengers - UK**

"The difficult economic environment has seen many FinTechs find it difficult to raise funding, with valuations falling. For consumers, there is more caution as household finances are squeezed, leading to a preference for established brands. However, innovative new providers that can offer cost savings and advanced budgeting tools have an ...

### **Consumer Financial Resilience - UK**

"Consumers continue to endure a prolonged income squeeze and survival is a priority. Longer-term financial resilience has not been forgotten and saving for the future is engrained in consumer behaviour, but is a secondary concern for many. While savings are key, consumers must not forget about other financial products that ...
