

Childrenswear - UK - November 2018

Report Price: £1995.00 | \$2693.85 | €2245.17

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

"The childrenswear sector is faring well due partly to a growing population of children in the older age groups and a growing interest in fashion-led clothing for children and teens. However, specialist childrenswear retailers are struggling. The large specialist chains must offer more in order to compete and truly stand out."

- Chana Baram, Retail Analyst

This report looks at the following areas:

- Rethinking the teen offering
- Specialists struggling while clothing retailers expand into childrenswear
- Opportunities for more sustainability in childrenswear
