“The value of the manned security industry has fluctuated significantly over the past five years, punctuated by a number of demand spikes following major national events. The manned guarding sector continues to be dominated by small-to-medium sized enterprises, which have enjoyed ongoing prosperity despite the presence of some large-scale international operators.”

— **Marco Amasanti, B2B Analyst**

This report looks at the following areas:

- What impact will the Brexit vote have on the manned security industry?
- What opportunities could this monumental decision afford the industry?
