

IT Services - UK - May 2017

Report Price: £995.00 | \$1288.43 | €1182.46

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

“IT developments are continuing to focus on the mobile and cloud environments, and the market will expand as the evolution of technology continues into software-defined components, leading to an increasingly converged IT infrastructure. Blockchain is also beginning to redefine database architecture, while artificial intelligence is providing a new layer for technology interaction.”

– Terry Leggett, Senior Analyst

This report looks at the following areas:

- At what stage is the IT development?
- How do technological developments affect industry structure?
- Is security the biggest challenge?
