

Intercity Buses in Europe - International - March 2019

Report Price: £99999 | \$99999 | €99999

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

This report looks at the following areas:

- What advantages do intercity buses have over other forms of transport?
- How is Europe's greying population having an impact on bus and coach transport?
- What is the Trans-European Networks programme (TEN-T)?
- Is the travelling public ready for driverless buses?

"The transition to a low-carbon economy clearly has its challenges but local and regional governments, as well as deep-pocketed investors, have a leading role to play in creating energy-efficient, sustainable transport networks across Europe. State-of-the-art intercity buses and coaches are certainly very much part of that scenario."

- Jessica Kelly, Senior Tourism Analyst
