ISAs - UK

“ISAs are the best of a bad bunch in terms of saving and investing options for consumers at present. The low interest rate and high inflation environment makes saving whilst protecting the real value of the money a difficult job, however cash ISAs offer an excellent short-term savings option and ...

Collective Investments - UK

“Unlike in many other financial sectors, where additional regulation is seen as a costly burden, in the collective investment industry the imminent arrival of various new reforms and directives will provide fresh opportunities for investment companies and fund managers to expand and diversify.”

Consumers and The Economic Outlook - Quarterly Update - UK

The report includes an overview of the changes in household well-being over the last three years, a breakdown of planned and recent spending, and consumers' assessment of the potential impact of the government's austerity measures.
