

November 2022

Car Aftermarket - UK

“Rising prices, and associated pressures on car owners as a result of the current economic crisis affecting the UK economy, are expected to weigh heavily on the car aftermarket. Many car owners are likely to postpone or delay the replacement of parts while others will look to trade down. For ...

September 2022

Vehicle Recovery - UK

“Challenges continue for the vehicle recovery services market as the cost of living crisis, and associated inflationary pressures, place pressure on this sector to raise prices. With new car sales set to remain sluggish during the short-term, better opportunities are likely to be found amongst owners of used vehicles as ...

June 2022

Car Finance - UK

“Despite experiencing a strong recovery from the pandemic in value terms in 2021, the car finance market faces a challenging 2022. Supply chain issues and inflationary pressures continue to disrupt the automotive sector and the rising cost of living is placing household finances under pressure. In this climate, providers will ...

April 2022

Motor Insurance - UK

“Regulatory change marks a new era in the motor insurance market. Pricing and customer retention strategies will evolve throughout 2022 as insurers respond to the changes. Inflation poses a significant challenge for the market, causing claims costs and premiums to rise. Innovation demonstrates the opportunities for this market to enhance ...

Consumers and the Economic Outlook Q1 - UK

“Even before the conflict in Ukraine, inflation had become the biggest concern for consumers, brands and the British economy for 2022. Households are set to endure the biggest squeeze on real incomes in decades, and the conflict in Ukraine will only add to existing inflationary pressures. This is seen in ...

March 2022

Car Purchasing Process - UK

“After a difficult period for sales during the pandemic, there is evidence that demand for cars is beginning to recover. Driven by used sales, Mintel expects car purchasing to begin to return to pre-pandemic levels during 2022. Yet, looking forward consumers remain affected by external pressures. Rising costs are the ...

February 2022

Car Review - UK

“The UK car market is beginning to re-emerge from the disruption caused by the COVID-19 pandemic. Current interest is focused on used vehicles with demand for new cars expected to accelerate in 2022. While price and value are key demands interest in innovations and environmental benefits are notable for wealthier ...
