Car Buying - UK

The UK car market has undergone a difficult period during the last three years. Sales to the private sector, of both new and used cars, were badly hit by the UK economy entering recession during 2008. The consequent scaling back of consumer expenditure on high ticket items dented demand which ...

March 2011

Motor Insurance - UK

The personal motor insurance sector has been subject to considerable change over the last 12 months. After many years of intense competition and downward pressure on premiums, insurers have reacted by raising premium rates across the market.

January 2011

Alternative Fuel Vehicles - UK

The market for Alternative Fuelled Vehicles (AFVs) has remained small for many years on the grounds of cost and the lack of available models as well as low public acceptance of an AFV over a vehicle powered by petrol or diesel. The result is that sales of new AFVs accounted ...
