Pharmacy Retail - China

“China is a massive pharmaceuticals market, perhaps the biggest in the world, but it is dogged by invasive regulation, price-capping and the widespread penetration of fake drugs, all of which combine to inhibit the industry from reaching its true potential. A high degree of fragmentation in the market also means ...

Supermarkets and Hypermarkets - China

“In trying to understand just how rapidly the modern grocery sector has grown in China, it has to be realised that all of the approximately 50,000 supermarkets and hypermarkets that now exist in China have appeared within a single generation, or less than 25 years. China is now the ...
