Residential Windows & Doors - UK

“The wide range of factors affecting demand for windows and doors in the residential sector tend to lead to strong growth when the economy is performing well, and more challenging times when the economy declines or stagnates. The market therefore tends to exaggerate economic fluctuations, and there will be strong ...

Construction - UK

“Just when the construction market was demonstrating strong growth following the economic disruption of the recession, the UK decided to negotiate an exit from the EU. This has created an unusual level of economic uncertainty, and construction prospects have consequently become even more sector-specific than normal.”
