Air Care - China

“Air care products no longer merely serve as a household tool for freshening the air of the living environment. The pandemic has awakened consumers’ need for anti-bacterial solutions, making it an essential claim in many products. Looking ahead, the category can bring further benefits, such as enhancing emotional wellbeing, and ...

Americans' Social Circles - US

“The COVID-19 pandemic and the growing presence of virtual spaces are changing the way consumers think about and pursue new friendships. As people navigate the new landscape of social life, they continue to struggle with the challenges of meeting new people and forging new friendships. Brands have the opportunity to ...

Attitudes towards Premium Alcoholic Drinks - UK

“Although losing on-trade sales, premium alcoholic drinks’ retail sales benefited from the overall growth in retail alcohol drinks sales in 2020, sustained in 2021, amid the COVID-19 restrictions. The segment also gained users from shoppers trading up. However, sales are now under threat amid the income squeeze. Encouraging recommendations and ...

Back to School Shopping - Canada

“The initial surge of school-related purchases in the spring of 2020 has continued to impact how consumers shop as well as what they buy, even two years later. The extended uncertainty around whether students will be learning in classrooms or from home has forced students to be prepared for either ...

Beauty Retailing - China

“China’s retailing landscape continues to evolve, with new players and platforms emerging quickly. Brands need to operate private domain traffic in an effective way, providing personalised product recommendations and practical beauty tips, and leveraging non-beauty

Aircare - US

“Following 2020’s accelerated growth brought on by the pandemic, 2021 category sales were tempered yet still in the double-digits, reflecting both the lingering nature of the pandemic’s impact balanced with, for many, a return to some old routines and lifestyles, such as increased time outside of the home. However, the ...

Atitudes e Hábitos dos Donos de Pets - Brazil

“Mesmo diante da alta de preços os brasileiros continuam investindo na saúde e no bem-estar de seus animais de estimação, ainda que busquem formas de economizar. As categorias de produtos para pets devem tentar oferecer opções mais acessíveis para o consumidor, porém mantendo o foco nos benefícios para a saúde ...

B2B Property and Motor Insurance - UK

“The events of the last two years have shown how far the motor insurance industry still needs to go in order to satisfy customer expectations and remain relevant in the post-pandemic economy. Opportunities for motor insurers following the pandemic will include underwriting new policies that will be associated with the ...

Back to School Shopping - US

“Back to school shopping saw a new boom in 2021, as students were excited to head back to the classroom and parents fulfilled purchases put off in the prior year. The ongoing pandemic continues to impact how consumers shop for school and what they buy, reemphasizing a need for value ...

Bedroom Furniture - UK

“The bedroom market rebounded quickly in 2021. The extended periods that people spent indoors have continued to feed into sales and shine the spotlight on wellbeing. This saw an upscaling of expenditure; although below this, some continue to struggle,

information to cater to consumers' emotional needs, so as to retain consumer interest and cultivate ...

Beer - UK

"After a tough couple of years owing to the COVID-19 pandemic, beer brands can look to the future and tap into the sense of adventure felt amongst beer drinkers: 59% say they enjoy experimenting with new types of beer. This indicates a pressing need for brands to continue to innovate ...

Brazilian Pet Owners - Brazil

"Despite the price surge, Brazilian consumers continue to invest in the health and wellbeing of their pets, even if they seek ways to save money. The pet products categories should try to offer more affordable options to consumers and at the same time focus on health benefits for pets." ...

Carbonated Soft Drinks - UK

"The alcohol moderation trend accelerated by the COVID-19 outbreak can be further mined in CSDs, for example through alcohol-inspired flavours and providing more food pairing inspiration. Meanwhile, harnessing the power of aroma to amplify the all-important enjoyment factor is a missed opportunity. Less sweet flavours could be key to boosting ...

Civil Engineering - UK

"The government's commitment to infrastructure spending as part of the economic recovery from COVID-19, the 'levelling-up' agenda and the need to progress towards Net Zero Carbon by 2050 should ensure sustained growth in the civil engineering sector over the coming years.

The government has pledged significant investment in the UK's ...

"The general insurance market is currently undergoing major regulatory enforced change with insurers in core markets, such as motor and home insurance, no longer able to charge existing customers more than they would

therefore polarising demand. Looking ahead, however, supply chain issues and any ...

Brand Leaders - UK

"Brands were in the ascendancy at the peak of the pandemic, as people sought out recognisable and comforting brands they trusted. However, as we gradually move into the recovery stage, brands will need to reassert what they can offer consumers for the longer term. In the next few years, there ...

Camping and Caravanning - UK

"A new wave of corporate activity in UK holiday parks reflects optimism that the staycation trend is here to stay, and will lead to further investment in accommodation and family-focused experiences. Camping and caravanning abroad will benefit from the rise in consumer interest in active outdoor holidays and campervan touring ...

Cheese - Brazil

"The cheese category still has plenty of room to innovate in the Brazilian market, but consumers' tight budget and conservative taste are a significant barrier, as they favor familiar and smooth flavors, avoiding expensive non-essential products that may not please them. Plant-based cheese still has a long way to go ...

Coffee and Tea Tracker - US

"Coffee and tea consumption has increased year over year, driven by away-from-home occasions. As people re-establish work routines, operators must create appealing spaces for commuters returning to the office and remote workers seeking a "third space." With health still in the forefront of consumers' minds, tea brands should showcase benefits like ...

Consumers and the Economic Outlook - US

"Despite yet another COVID-19 variant, the US economy ended 2021 in good shape, with rising consumer confidence and unemployment rates that fell to a pandemic-era low. Alongside the strong economic gains,
