- UK**

“The UK’s decision to leave the European Union in June 2016 has created an environment of uncertainty for small business owners, which is likely to continue for the foreseeable future while exit negotiations take place. ‘Brexit’, as well as low interest rates and potentially weaker economic growth going forward, is ...

**Accounting and Financial  
Management - UK**

“Consultancy will continue to represent the strongest growth potential for accountancy firms, with digital technology and data analytics expected to become an even bigger part of the consulting market. While Brexit-induced uncertainty is likely to negatively impact the market, it will also present opportunities for accountants to provide advisory services ...

**February 2017****B2B Insurance - UK**

“The rapid introduction of new technologies, such as telematics, and the growing importance of data and analytics, have demonstrated to insurance companies just how quickly the market can be disrupted by new ideas or non-traditional competitors. As insurers seek to build partnerships and alliances in the ‘insurtech’ sector, they must ...
