Consumers and the Economic Outlook: Quarterly Update - US

"The US economy remains strong and stable, maintaining most levels it held last quarter. Consumer outlook is still optimistic and positive, but differences in age and income level reveal different motivations for improving the current state of a consumer's finances. Few predict that their financial situation will change much over ...

Consumers and the Economic Outlook: Quarterly Update - US

"As of June 2017, the economy is still improving, wages are slowly rising, and unemployment numbers continue to fall. Consumer sentiment about their financial situation remains healthy, and most consumers don't think their finances will change (or increase) that significantly. Parents overall are somewhat more optimistic about the financial future ...

Consumers and the Economic Outlook: Quarterly Update - US

"With a new administration, a growing economy, and a relatively healthy jobs market, this Report addresses how consumers are feeling about their current financial situation. Through a series of questions that will be asked throughout 2017, Mintel has aggregated consumer opinion on their current finances, how they hope to improve ...
