### Beauty Retailing - Germany

Germany's economy has enjoyed one of the strongest recoveries in Europe, bouncing back from the recession thanks to an export-led recovery. However consumers are still held back by the recent austerity measures, and although confidence is on the up, spending is likely to remain fairly subdued. The retail sector is ...

### Beauty Retailing - Spain

Beauty retailers' sales are believed to have contracted for the third consecutive year in 2010, coming in at €17.4 billion excluding VAT for the year. Underperformance in the last few years can be attributed to consumers cutting back and trading down in order to save money. Own brand lines ...
