

## February 2014

### **Residential Care (Industrial Report) - UK**

"With the UK's over-75 population projected to almost double by 2035, caring for the country's elderly population is an issue of growing importance for the Government. Care in the community has emerged as the preferred option for the majority of care clients, seen as more cost-effective than residential care, however care homes continue to have an important role, providing care to ...
