#### **RTD Alcoholic Beverages - US**

"RTD (ready-to-drink) alcoholic beverages make up a small share of alcohol sales. Fortunately, declines among prepared spirits-based cocktails and wine coolers may be slowing. The category delivers on convenience, with the highest percentage of participants turning to RTDs over other alcohol types because they don't require preparation. Addressing consumption barriers ...

#### **Dark Spirits - US**

"Distilled spirits (both white and dark) have enjoyed a significant (23.9%) growth since 2011, due in no small part to the rapid influx of flavors in the white spirit segment and a surge in interest in tequila. Similar flavor innovation is leading to growth in dark spirits, whiskey and ...

### The Food and Drink Shopper: Spotlight on Technology - US

"The competition for share of food/drink sales rages on. Consumer interest in low prices, convenience, and fresh options is fueling a shift in how they shop for food and drink, including a move away from traditional grocery retailers. Non-store retailers, including online merchants and subscription services, are expanding retailing ...

#### **Grocery Retailing - US**

"The grocery industry is arguably the most dynamic and fragmented retail sector there is. Groceries are deemed necessities so this industry remains somewhat protected from outside influencers that could cause steep sales variances, but the largest factor right now impacting the category is declining foods costs. This benefits the shopper ...

### White Spirits - US

"The white spirits category is poised for continued modest growth sustained by vodka and propelled by growing interest in the complexities of tequila. Opportunity to grow the category can be leveraged by cross category consumption."

## Drink - USA

"Like other non-alcoholic beverage leaders, including CSDs and dairy milk, the category is losing share to other beverage types that offer flavor variety and functional innovation, some with lower sugar/calorie totals. The importance of diversifying consumption occasions can be seen in the growth of snack-friendly smoothies and decline of ...
