Supermarkets - UK

“While the grocery sector is to a degree insulated from much of the pain being felt elsewhere in retail as much of its demand is non-discretionary, the shifts in behaviour seen in 2022 and that will continue to be seen in the short term have been no less dramatic. A ...

Online Retailing: Marketplaces and Peer-to-peer Selling - UK

“Marketplaces and peer-to-peer sites have enjoyed the same level of greater engagement as the wider online retail sector in recent years, with sales via sellers on such platforms at record highs. The cost-of-living crisis will drive only further interest in the sector, particularly peer-to-peer, as consumers both seek value on ...

Clothing Retailing - UK

“While significant pent-up demand has been driving sales in the first half of 2022 as consumers updated their wardrobes for events and travel, the income squeeze is already dampening spending on fashion as the year progresses. As consumers look to navigate inflationary pressures, some will adapt their behaviour and look ...
