Vitamins and Supplements: Inc Impact of COVID-19 - UK

“The pandemic will drive demand for vitamins and supplements as health and wellness become bigger consumer priorities. Immune health in particular is in the spotlight, and brands can look to offering more holistic solutions, considering the links between stress, sleep, nutrition and diet on immunity. The category is expected to ...

Men's Personal Care: Incl Impact of COVID-19 - US

“Prior to COVID-19's arrival to the United States, the market was expected to continue experiencing slow yet steady growth through 2025. However, with more Americans practicing social distancing and working from home, the market is expected to see slower growth from 2020 than originally estimated, as some men feel less ...

Vitamins, Minerals and Supplements Consumer: Incl Impact of COVID-19 - US

“Vitamins, minerals and supplements comprise a dynamic market that has seen consistent growth for over a decade. Dedicated VMS consumers consider these products to be a staple to their overall wellbeing, and most will budget for them despite economic hardships. Still, products with high-quality ingredients at the lowest price point ...

Marketing to Moms: Incl Impact of COVID-19 - US

“In 2020, moms are facing unexpected challenges. Between maintaining their family's health and safety through the COVID-19 pandemic and addressing and explaining the various aspects of the Black Lives Matter movement and demonstrations to their children, moms have had their hands full. However, even given all of this, moms still ...

Hand, Body and Footcare: Inc Impact of COVID-19 - UK

“The category has shown strong sales performance in recent years which is expected to continue in 2020, particularly as heightened hygiene behaviours put the focus on skin health. The category also benefits from its perceptions of improving wellbeing and being part of self-care routines, with people turning to skincare routines ...

Digestive Health: Incl Impact of COVID-19 - US

“During the COVID-19 pandemic, adults are re-evaluating the causes of certain physical health symptoms they experience. The majority of adults attribute an increase in digestive health concerns since the start of COVID-19 to heightened feelings of stress and worry. Consumers will seek ways to gain control of health changes, such ...

Marketing to Gen X: Incl Impact of COVID-19 - US

“Generation Xers crave stability and the reassurance that they will be prepared for the future. Financial concerns make them value-driven shoppers and they look for purchases that offer quality products and affordable pricing rather than a distinctive brand personality. The current recession will only intensify their budget-mindedness as Gen Xers ...

Personal Care Consumer: Incl Impact of COVID-19 - US

“The impact of COVID-19 is apparent in every industry across the globe, and personal care is not immune. In fact, certain elements of consumers’ personal care routines (eg shaving, hair washing) slid a bit during lockdown, leading to longer purchase cycles. Despite some struggling segments, the personal care market is ...

Dishwashing Products: Inc Impact of COVID-19 - UK

“The dishwashing products category has been boosted by COVID-19, after a significant decline in 2019. The impending recession won’t halt overall demand, and consumers staying at home more will ensure that demand counteracts much of the trading down that occurs during the remainder of 2020. Although consumers will seek to ...

Household Care Packaging Trends: Inc Impact of COVID-19 - UK

“The coronavirus outbreak and environmental sentiments are influencing the way people approach household care packaging, creating concerns around packaging safety and strengthening consumer interest in more sustainable packaging options. Companies that add another layer of packaging to protect products from germs and multiple touches will address hygiene concerns in the ...
