### Facial Skincare - US

"The stress and health concerns brought on by the pandemic had a varied impact on facial skincare routines and product usage. A greater focus on both physical skin health and mental health drove usage of skincare products like treatments, masks and even cleansers – allowing the market to stave off ...

### Oral Health - US

"The oral care industry fosters innovative product formulas, marketing strategies and tech-based solutions. The market is resonating with consumers now more than ever before, with many adults saying they are investing more time and products into their oral care routines. COVID-19 sparked a newfound comfort in at-home rituals, which further ...

### Shaving and Hair Removal - US

"The shaving and hair removal market is highly price sensitive and was already on a sluggish trajectory before COVID-19, which can partially be attributed to consumers' relaxed approach to shaving and hair removal routines, leading to less frequent usage of products. Shelter-in-place orders enacted during the pandemic caused consumers to ...
