### Men's Haircare and Skincare - UK

"COVID-19's impact on men's haircare and skincare was polarised, improving the outlook for skincare, whilst creating a more challenging environment for haircare. Reduced usage of haircare in the short term, with the styling segment seeing particularly subdued demand, will see preferences shift, meaning brands that respond with relevant NPD and ...

### Intimate Hygiene and Sanitary Protection Products - UK

"Value growth in the category came to a halt in 2020. Whilst the incontinence segment has fuelled growth in recent years, this growth was dampened in 2020, impacted by reduced product usage amongst rare incontinence sufferers. Usage frequency of intimate hygiene declined too, as it became a lower priority with ...

### Attitudes towards Cosmetic Procedures - UK

"The COVID-19 outbreak had a direct impact on cosmetic procedures with beauty salons and clinics forced to close for many months during the initial spring and winter lockdowns. While economic uncertainty from the pandemic could translate to a dip in the number of some cosmetic procedures in the near future ...

## February 2021

### Soap, Bath and Shower Products - US

"COVID-19 has put hygiene and wellness at the forefront of consumers' minds, fueling the demand for soap, bath and shower products, particularly hand sanitizer and soap. The hand sanitizer segment will see continued growth and innovation as the product becomes a hygiene essential. A renewed focus on self-care will also ...

### Diversity in Beauty - UK

### Smoking Cessation and E-cigarettes - UK

"The pandemic has increased smoking and vaping frequencies, despite smokers being more concerned about their respiratory health and the impact that COVID-19 could have on them. In addition, with access to health professionals being hindered by the pandemic, many may have postponed plans to quit. The smoking cessation category also ...

### Nail Color and Care - US

"The nail color and care market is ripe for innovation. While the pandemic has lifted sales, category frustrations and shifting product usage preferences among younger adults challenge continued strong growth. To sustain market momentum, brands must develop products that meet the next generation's needs and expectations. Easy to use formats ...

### Drug Stores - US

"It's a challenging time for drug stores. However, with a global pandemic shaping consumer perceptions and behaviors, including influencing more proactivity when it comes to managing their holistic wellbeing, drug stores have never been in a more prime position to shine. The future of the drug store channel involves offering ...

### Children and Health - US

## Beauty and Personal Care - International

“The events of summer 2020, which saw the BLM movement gain momentum, have had reverberations across all industries and not just politics. In BPC, brands and retailers can no longer stay silent on topical issues related to diversity and equality, as many consumers seek to buy from those that align ...

### Diversity and Inclusivity in Beauty - US

“Diversity in beauty is not a marketing tactic – it’s an essential practice and must be a key area of focus among every beauty brand on the market today. It requires a strong commitment from brands to listen and collaborate with members of underserved groups to ensure successful and meaningful ...

### Beauty and Personal Care Retailing - Spain

“Beauty and personal care specialists suffered in 2020 as lockdowns led to temporary store closures across the country. Ecommerce was a clear winner and many specialists have pivoted to multichannel strategies. Concerns around the pandemic are still particularly high in Spain and retailers will have to improve the in-store experience ...

### Beauty and Personal Care Retailing - Europe

“With stores deemed non-essential closed in order to curb the spread of COVID-19, many brands and retailers saw their overall sales fall in 2020. There was growth in online sales but this could not offset the loss of trade in bricks-and-mortar outlets. We expect the most successful retailers will be ...

### Soap, Bath & Shower Products - UK

“The soap, bath and shower product category has seen record growth in 2020 of an estimated 32.8% to reach £840 million as heightened hygiene concerns drive washing behaviours. The increased rate of hand washing in particular has triggered concerns towards hand health, presenting opportunities for brands in moisturising and ...

“The children’s health market has strong reach, with nearly three quarters of parents giving their kids OTC pediatric remedies and VMS products, respectively. To that end, market sales have reached more than \$2.5 billion in 2020 and forecasted for steady growth over the next five years. COVID-19 impacted segment ...

### Beauty and Personal Care Retailing - France

“France has experienced two national lockdowns, as well as a nationwide curfew and restrictions on store opening times. This has shifted a large amount of spending on BPC online and forced many specialists to redouble their efforts to develop or accelerate their internet offer. Many have showed real adaptability, particularly ...

### Beauty and Personal Care Retailing - Italy

“The COVID-19 outbreak has been challenging for the beauty and personal care retailing sector in Italy but many of the leading retailers have managed to partly mitigate its impact by ramping up their online operations. We expect to see a continued shift towards online which will lead to retailers to ...

### Beauty and Personal Care Retailing - UK

“Changes in people’s lifestyles as a result of the COVID-19 pandemic and the lockdowns have affected usage habits and led to major shifts in the types of beauty and personal care products consumers are buying. One of the big opportunities is for brands to focus on in-home beauty treatments and ...

January 2021

## Beauty and Personal Care - International

### Home Hair Color - US

“In the absence of salons, more consumers turned to at-home solutions, leading to increased usage of home hair color products. While salon closures during lockdown certainly benefited the at-home hair color market in the short-term, some consumers plan to stick with at-home hair color products to curb spending or minimize ...

### Health Management Trends - US

“Personal health management is evolving as consumers encounter new health concerns, personal safety needs and heightened emotional stressors. Adults are focusing on managing health and wellness goals, with learnings from the previous year. Illness prevention, prioritizing quality time, stress management and recovery are key themes that will support consumers’ desire ...

### Brand Overview: BPC - UK

“The COVID-19 outbreak has led consumers to review their BPC regimes and has put greater emphasis on holistic health and wellbeing. While lockdown periods reduced usage occasions for fragrances and colour cosmetics, consumers spent longer on self-care beauty routines and sought products designed to boost physical and emotional wellness. In ...
