Defence Industry - UK

“The risks and threats faced by the UK have increased in scale, diversity and complexity since the last SDSR in 2010. Russia’s resurgence, the increasing cyber threat, instability in the Middle East and North Africa, and the growing threat of international terrorism illustrate how the challenge has evolved. The defence ...

Aerospace Industry - UK

“The vote to leave the EU could weaken the UK’s standing in the industry over time, with some industry executives admitting that it will force them to work harder to win new business. However, it must be remembered that ‘Brexit’ also has the potential to open up new markets not ...
