Consumers and the Economic Outlook - Quarterly Update - UK

"People are still wary about the potential impact of Brexit – particularly when it comes to the cost of living. But people seem able to separate these macro-economic concerns from their own personal financial situation. Unemployment remains at record lows, and while average wages are still increasingly more slowly than ...

Women's Haircare - UK

"Growth in the women's haircare market has been driven by a continued focus on caring needs, especially driven by conditioning treatments. However, as mass brands develop their own versions of salon regimes, prestige brands will need to prove their worth to remain relevant. Regardless of price point, winning brands have ...

Disposable Baby Products - US

"Declining birthrates and budget conscious parents have challenged growth in the disposable baby products market. Parents are unified in their views that safe product ingredients come first – or at least the safest option within their budget. Looking forward, parents' need for durable products is not expected to change, and ...

Drug Store Retailing - US

"A combination of an aging population and favorable market factors is expected to result in positive growth for the drug store market. However, a number of issues, such as consumers' low loyalty and desire for deals, combined with an increasingly competitive landscape will continue to pose challenges for traditional drug ...

Soap, Bath and Shower Products - US

"The soap, bath, and shower products market continues to experience slow, yet steady growth, benefiting from strong liquid body wash sales that are compensating for

The iGen Beauty Consumer - US

"The iGeneration is made up of four segments: tweens, younger teens, older teens, and adults. This diverse age range can be a challenge for brands as some iGens rely completely on their parents, while others have independent spending power. Regardless of age, iGens are generally more engaged and socially conscious ...

Black Beauty Consumer - US

Black women are less likely to use cosmetics in comparison to the general market, but her usage varies across beauty products due to her skill set, her knowledge of expected benefits, and most importantly, her ability to find products in the right shades to create her desired look. Her beauty ...

Children and Health - US

"Illness is prevalent among children, as 97% of children younger than 12 experienced some type of illness symptom in the past year. Their weaker immune system combined with opportunities for interaction and germ spreading makes them especially susceptible to illness. The OTC (over-the-counter) children's health products market has continued to ...

The Beauty Consumer - US

The beauty category has continued to grow through 2017, with the highest growth coming from beauty devices. Women are minimizing their daily beauty routines and are searching for products that can do it all

Beauty and Personal Care - International

struggles in the bar soap segment. The inclusion of premium and therapeutic benefits has also helped boost sales of liquid body wash and bath products ...

Attitudes towards Cosmetic Procedures - UK

"Brits are generally happy with their appearance, presenting a crucial challenge for an industry that is centred on helping people to change how they look. However, there is scope for operators in the cosmetic procedures market to appeal to a wider audience by moving away from the current association with ...

in the least amount of time. Going forward, women will continue to demand customized products to ...

Babies' and Children's Personal Care Products, Nappies and Wipes - UK

"Market decline continues to show the need for brands to differentiate versus own-label. This is easier in some sectors where parents seek specific claims, but mass disposable nappy brands will either need to premiumise further or devolve and compete on price. The overarching need for convenience in all sectors remains ...

January 2018

Consumers and the Economic Outlook - US

"Economic improvement continued at a relatively steady clip as a new presidential administration took office at the beginning of the year. While there have been natural catastrophes and tragedies throughout the US, the economy has generally remained stable and any expert predictions continue to be optimistic."

- Jennifer White Boehm, Associate ...

Brand Overview: BPC - UK

"The advancement of technology in the BPC sector means that brands are under more pressure to help consumers test, design and buy products on their own terms. Soon, the prospect of buying an off-the-shelf, one-size-fits-all product may become unpalatable to the most heavily engaged consumers, while even mainstream shoppers will ...

Beauty and Personal Care Retailing - UK

"The UK beauty and personal care market remains challenging, as weak growth in personal care continues to hinder growth in the wider market. Meanwhile, the beauty segment is driving the market, boosted by make-up and skincare trends. Many of the health and beauty specialists have reacted to these trends and ...

Beauty and Personal Care Retailing - Italy

"Although the Italian BPC market remains fragmented, there is ongoing consolidation in the market as a number of the leading specialists strengthen their position. As the economy continues to recover, there will be new opportunities for retailers to capture increased spending on beauty and personal care. Having a differentiated offer ...

Beauty and Personal Care Retailing - Spain

"As the Spanish political situation becomes more uncertain with lower rates of economic growth forecast for 2018, beauty specialists will need to work harder to compete with the growing force of supermarkets and fashion retailers that are grabbing share of the beauty market. They need to focus on improving the ...

Beauty and Personal Care Retailing - Germany

"There is growing pressure on the market leaders in beauty and personal care retailing in Germany. Online is growing, with Amazon an increasingly important player. There are newcomers in the specialist cosmetics and perfumery sectors. We think that some of the market leaders are already showing signs of this increased ...

Beauty and Personal Care - International

Beauty and Personal Care Retailing - France

“French specialist beauty and personal care retailers are doing well, increasing their share of a sluggish market. Sephora leads by some margin, but Nocibé, now under the Douglas umbrella, is doing well and Kiko Milano is expanding rapidly. With 30% of female BPC buyers having shopped online, and 47% often ...

Gifting in Beauty and Personal Care - UK

“New product development in BPC gift sets has declined in recent years, with consumers showing a preference for individual products. This may be partly driven by a desire to reduce waste, which extends to packaging. Mintel’s research shows high consumer interest in functional as well as reduced packaging. Women remain ...

Feminine Hygiene and Sanitary Protection Products - UK

“There is a quiet revolution ongoing in the incontinence products segment. The stigma around incontinence appears to be fading, products are advertised on primetime TV, and brands are creating new designs that are more stylish and sophisticated. As the population ages, incontinence products are only going to go even more ...

Beauty and Personal Care Retailing - Europe

“Retailing of beauty and personal care products is poised for change. It looks as if the mass market drugstores are approaching maturity in some countries while the retailers with the greatest potential are those with innovative own brands. But specialists who can provide the right environment plus a range of ...

Managing Your Health - US

Consumers and brands alike are talking about wellness in the face of an uncertain healthcare market and growing health issues. To bring down healthcare expenses, health management is increasingly placed in the hands of consumers who are turning to a variety of sources to improve their wellbeing and receive guidance ...

Nail Color and Care - US

The nail care and color market has declined since 2014, with substantial losses in the key segment, nail color. While category engagement is struggling as a whole, consumer concern around the damage of frequent polishing and growing interest in ingredient formulations is evident in the success of artificial nails and ...
