Deposit and Savings Accounts - UK

It is the precautionary motive that dominates savers' thoughts in the current climate. Those consumers saving for emotional security will value personalised service, regular contact from the savings provider and a simple customer queries service more than most.

Mortgages - UK

The mortgage market has been heavily affected by the credit crunch, with liquidity being severely reduced, and lending being restricted as a result. Banks have tightened their lending criteria considerably over the last few years, due to a lower risk tolerance, as well as tighter mortgage capital requirements. The good ...
