B2B Economic Outlook - UK

“The government has said that it is committed to a “green” Brexit and to maintaining environmental standards. The government is also expected to remain committed to the EU’s renewables generation targets and carbon emission reduction targets. Therefore energy and environmental policy is unlikely to change post-Brexit. That means it will ...

Waste Management and Recycling - UK

“The continued shift to a circular economy is set to require considerable investment in new recycling and reprocessing capacity in the UK. The government’s Resources and Waste Strategy for England, published in December 2018, sets out a number of measures which aim to increase investors’ confidence and improve the competitiveness ...
