### Consumers and the Economic Outlook - Quarterly Update - UK

“People are still wary about the potential impact of Brexit – particularly when it comes to the cost of living. But people seem able to separate these macro-economic concerns from their own personal financial situation. Unemployment remains at record lows, and while average wages are still increasingly more slowly than ...

### Attitudes towards Cosmetic Procedures - UK

“Brits are generally happy with their appearance, presenting a crucial challenge for an industry that is centred on helping people to change how they look. However, there is scope for operators in the cosmetic procedures market to appeal to a wider audience by moving away from the current association with ...

### The Working Life - UK

“The UK workforce has continued to grow in recent years, while unemployment has tumbled to record lows. However, while this is undoubtedly a positive economic indicator, the UK continues to struggle with poor productivity levels, with productivity growth only hitting pre-recession levels in Q3 2017. Increased workplace flexibility and a ...
