European Retail Briefing - Europe

Trading updates from both HMV and Game in the past week would suggest the gaming market in the UK was dying. But looking across Europe Gamestop, the leading retailer, is thriving. Why? What can one learn from the other? The key appears to be in integrating the stores and online ...

European Retail Briefing - Europe

European Retail Briefing is a monthly briefing providing news and analysis that includes company results, store openings, cross-border moves, M & A activities, executive changes and property developments. Additionally each month, European Retail Briefing focuses on a key issue or specific European retail sector. The month's retail news is ...

October 2010

European Retail Briefing - Europe

The latest retail sales data available for Europe's top markets paints a picture of a protracted economic recovery, and of low consumer confidence as a reaction to the onset of austerity measures. Despite its solid economic position, Germany looks in danger of slipping into a familiar habit of reticence to ...
