

December 2014

Access Control (Industrial Report) - UK

“There is potential for access control products to add more commercial value in terms of business intelligence as applications in the airport sector have shown. Innovation in the access control market is expected to increase due to the arrival of new companies in the sector.”

– Ben Harris, Industrial ...

November 2014

CCTV (Industrial Report) - UK

“The prospects for the UK CCTV industry appear strong, with construction in the commercial sector anticipated to climb steadily and the private sector widely upgrading systems. As a result, the market is expected to deliver real terms growth again in 2015.”

– Ben Harris, Industrial Analyst

October 2014

Manned Security (Industrial Report) - UK

“Building in services additional to guarding, which exploit intelligence gathered from integrated electronic systems could help to improve sales for specialist firms facing a competitive threat from facilities management operators”

– Ben Harris, Industrial Analyst

Security Equipment (Industrial Report) - UK

“Manufacturers will need to protect their position from new entrants in the technology sector as the penetration of wireless security systems increases, while product development is expected to continue at a rapid pace.”

– Ben Harris, Industrial Analyst
