Small Business Banking - UK

"The small business banking market is taking steps to address the concerns raised by the CMA by increasing competition and differentiation, particularly through the introduction of innovative and useful digital tools. However, there is a long way to go. Small business owners continue to consider all banks more or less ...

Credit Cards - UK

"Credit cards have become increasingly accessible and affordable through a glut of good deals, whether people are looking to be actively rewarded for spending or are simply in the market for a plastic safety net. Rapid growth over the past five years has attracted attention from the regulators, and any ...

Consumers and the Economic Outlook: Quarterly Update - UK

"The snap election clearly unsettled consumers. All three of our measures of sentiment fell between April and May. And the inconclusive result means that there was no immediate bounce in confidence post-election. Instead, our data shows that people were even more concerned after the results were announced than they were ...

Current Accounts - UK

"Regulatory measures aim to increase competition in the market, ensuring established providers will have to work harder to attract and retain customers. Open Banking should make it easier for people to compare and identify products that are better suited to their needs. However, the biggest challenge will be encouraging people ...
