### European Retail Handbook - Europe

The European Retail Handbook provides demographic and economic data in support of specific and detailed analysis of the retail trade in each country. The retail information relates to sales at national level and on a key sector basis, as well as the structure of the trade in terms of businesses ...

## September 2010

### Luxury Goods Retailing - International

This report differs from other Mintel retail reports in that it looks primarily at companies involved in design, manufacturing and distribution, rather than just traditional retailing. The consolidated revenues from these companies (and our market size – see definition below) therefore include elements of retail turnover, wholesale sales to franchisees ...

## July 2010

### Asia-Pacific Retail Handbook - Asia Pacific

The Asia-Pacific Retail Handbook celebrates its sixth anniversary this year and is designed to complement the European Retail Handbook, which is currently in its 13th edition. This year's Asia-Pacific Retail Handbook offers more in-depth coverage, looking at a wide range of social and economic indicators. It also provides the low-down ...

### Airport Retailing - Europe

This report examines leading European airport retailers and operators plus the flying public (people departing, arriving, meeting people, dropping people off, or working at airports) both landside (before airport security) and airside (after airport security).

### March 2010

#### E-Commerce - Europe

This report series covers the e-commerce retail channel of the five leading economies of Western Europe. Some coverage of this channel in other European countries can be found in the Mintel report on Home Shopping – Europe, March 2009.
