Natural and Organic Personal Care Consumer - US

"Natural and organic personal care brands offer a variety of options that are largely appealing, though consumers express some confusion due to the prevalence of natural claims, limited regulations, and a less than clear category definition. However, consumers are concerned about green issues, and aspire to live a healthier lifestyle ...

Skincare Ingredient and Format Trends - US

US adults are looking for easy-to-use, functional formats when shopping for skincare products, explaining the popularity of wipes and sheet masks. Brands may also consider a focus on natural ingredients, with charcoal, micellar water, and aloe appealing to consumers. Further success can be achieved by incorporating trends from the Asian ...

November 2015

Personal Care Consumer - US

A mature personal care market benefits from widespread product usage of functional items such as oral care and deodorant, while younger women drive growth of discretionary items including facial skincare. Brands can benefit by focusing on gentle products or natural sounding ingredients, which appeal to consumers amidst concerns over ingredient ...

October 2015

Shaving and Hair Removal - US

"Current sales in the shaving and hair removal category remain sluggish, due to the competitive landscape and value-driven nature of the category. Sales are expected to level off with minimal gains through 2020."

Men's Personal Care - US

The men's personal care market has remained relatively flat, with the biggest gains seen in the skincare segment, which is now beginning to stabilize. Looking forward, strong haircare sales will be the biggest driver in the market due to product launches among popular men's brands as well as men's increasing ...
