Private Healthcare - UK

“Whilst NHS income from private patients is predicted to grow by 6% a year until 2020, it is becoming more of a necessity to determine whether this represents a net financial gain. Existing providers are expected to expand over the next decade while new operators enter the market to try ...

B2B Economic Outlook - UK

“The government has said that it is committed to a “green” Brexit and to maintaining environmental standards. The government is also expected to remain committed to the EU’s renewables generation targets and carbon emission reduction targets. Therefore energy and environmental policy is unlikely to change post-Brexit. That means it will ...

Occupational Health - UK

“Changes in the practice of OH are inevitable because there will continue to be a massive shift in where OH services are provided - in the workplace, large enterprises, public sector organisations, SMEs and among the self-employed. As the economy shows signs of slowing down, OH initiatives that can boost long-term ...

Children's Social Care - UK

“Although spending in the industry has risen as a whole, it has failed to keep up with growing demand for services. Alongside rising demand, there has been a reduction in funding for early intervention services, which has only added to demand pressures on the industry. This has highlighted the increasing ...
