Courier and Express Delivery - UK

"The increasing popularity of online shopping in both the B2B and B2C sectors is driving demand for parcel operators. Competition is increasing parcel volumes at a faster rate than revenue, and courier and express service operators will need to raise capacity to service demand, and innovate to increase turnover from ...

Legal Services - UK

"The adoption of Alternative Business Structures (ABS) has not resulted in an immediate transformative change in the legal services industry. However, it has started to drive much needed innovation to the legal sector, with firms delivering more client focussed and cost effective services as competition starts to intensify. Some traditional ...

Fleet Services - UK

"The popularity of fleet cars is at an all-time high, with increasing business confidence, rising employment rates, and low fuel costs boosting demand by large firms. However, with fleet car registrations contributing to 92% of the fleet services market and business cars making up just 8%, the fleet services industry ...
