#### Analgesics - UK

“The analgesics market benefitted from the strong marketing and product innovation output in 2013, as well as a strong performance by the topical analgesics segment. However, a battle still remains as consumers increasingly seek cheaper own-label products over those produced by well-known brands, due to the value they offer.”

#### Oral Care - UK

“Although a high proportion of the population visit the dentist, there remains a large proportion who do not do so, as well as a large proportion of parents who do not take their children to the dentist, suggesting missed opportunities for product endorsements. Despite the rise in products designed for ...

#### Cough, Cold, Flu and Allergy Remedies - UK

“In 2013, the cold/flu and allergy relief remedies market benefited from increases in product launch activity and marketing activity. Going forward, brands could look to more specifically target the key young adult demographic, who are the most likely to suffer from cold/flu and allergy-based ailments, as well as ...
