Defence Equipment (Industrial Report) - UK

“The Strategic Defence and Security Review in 2010 has heavily influenced what the sector has been able to achieve over the last four years. With the spending cuts lasting for at least another year, strategies and defence equipment procurement will continue to be chosen with efficiency and ‘best value’ as ...

Aerospace Industry (Industrial Report) - UK

“With the growing involvement of the government, both in terms of policy direction and financial contribution, the UK aerospace industry is preparing itself for the long battle ahead to retain its position as the leading industry in Europe and the second largest globally, behind only the US. The main competition ...

Consulting Engineers (Industrial Report) - UK

“The prospects for UK consulting engineers improved during 2013 and the market is set for sustained growth over the next five years. The more buoyant construction sector is expected to boost demand in the UK. Transport infrastructure and the energy sector will provide the strongest growth potential, making up the ...
