Digital Trends Autumn - UK

“The launch of several ‘hybrid’ devices, which blur the line between two established devices, will only help to accelerate growth of portable devices such as tablets and eReaders. As seen with the MP3 player and smartphone, if consumers can merge the features of two devices into one central hub, they ...

Books and e-books - UK

“While e-readers are clearly regarded as the primary device people see themselves reading e-books on, tablets are part of a portfolio of other devices that book buyers would also consider, along with laptops and smartphones.”

Online Grocery Retailing - UK

“If our recommendations for the rollout of in-store and drive-through collection are implemented by major grocery chains, then their store estates – including c-stores and hypermarkets respectively – become indispensable for fulfilling online orders.

Music and Video Purchasing - UK

“Music and video retail for a relatively low price point, remain popular across all age ranges, and the multitude of purchase or rental, hardcopy, download, standard, high-definition or streaming options means there is a channel to market, quality variant and ownership model suitable for every consumer. Despite this, year on ...

Digital Trends Summer - UK

The boom in smartphones looks set to continue, with the popularity of flagship handsets like Apple’s iPhone and Samsung’s Galaxy series, as well as cheaper options, boosting ownership amongst UK adults above that of basic mobiles. This growth trend shows no sign of stopping with 15% of consumers intending to ...

Home Shopping - UK

“The days when home shopping was distinct from store shopping are over. It’s only analysts who try to make the distinction. For everyone else it is just shopping. And shopping is changing rapidly. If there is one clear message of this report it is that home shopping and store shopping ...
