"Auto service, maintenance, and repair are critical components of vehicle ownership."
- **Buddy Lo, Automotive Analyst**

This report looks at the following areas:

- **Trust remains paramount for car owners**
- **Advanced driver-assistance systems reduce collisions**
- **Car owners still aren't proactively scheduling service**

Vehicles require regular maintenance and upkeep to ensure their longevity and use, and neglecting such responsibilities can result in extremely costly repairs for consumers. Today's consumers are aware of the necessary service and maintenance they must perform but are still sensitive regarding pricing.
