

## Cloud Computing - UK - October 2017

Report Price: £995.00 | \$1333.00 | €1128.23

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

“Cloud computing continues to grow strongly as more companies look to migrate IT activities, and early adopters increase the number of applications and processes using the cloud. Market penetration has considerable further potential, with both enterprises and SMEs increasingly adopting cloud computing solutions.”

– Terry Leggett, Senior Analyst

This report looks at the following areas:

- How will the market develop over the next five years?
- Which industry sectors and company sizes will lead market growth?
- What are the driving forces behind cloud adoption?
- What are the major obstacles to further market penetration, and how are these concerns being addressed?
- How is the cloud computing supply industry changing?

## Market Factors

### The major factors

The major corporate factors driving and preventing cloud computing adoption

### Internet access and usage

Figure 13: Worldwide internet usage, by region, 2000-17

Figure 14: Proportion of businesses with internet access, by size of company, 2011-15

Figure 15: Proportion of businesses with broadband, by size of company, 2011-15

Figure 16: Proportion of businesses by maximum contracted internet connection speed, by size of company, 2011-15

### Business web sites

Figure 17: Proportion of businesses with a website, by size of business, 2011-15

Figure 18: Proportion of businesses with website facilities, by size of business, 2014-15

### Major growth in cloud adoption

Figure 19: Companies with hosted or cloud-based services, 2010-15

Figure 20: Companies purchasing cloud computing services over the internet, by size of company, 2013 and 2015

### Use of the cloud covers all sectors, but has huge potential for further growth

Figure 21: Primary approach to IT, by company size, 2015

### Evidence of the savings made by cloud adoption

Figure 22: Level of cost savings from cloud usage, 2015

## Market Size and Trends

### Key points

### Market size

Figure 23: UK cloud computing market, 2013-17

### Market penetration

Figure 24: Proportion of businesses buying cloud computing services in the UK, 2013 and 2015

### Manufacturing

Figure 25: Proportion of manufacturing businesses buying cloud computing services, by type of service, 2013 and 2015

### Utilities

Figure 26: Proportion of utilities businesses buying cloud computing services, by type of service, 2013 and 2015

### Construction

Figure 27: Proportion of construction businesses buying cloud computing services, by type of service, 2013 and 2015

### Wholesale

Figure 28: Proportion of wholesale businesses buying cloud computing services, by type of service, 2013 and 2015

### Retail

Figure 29: Proportion of retail businesses buying cloud computing services, by type of service, 2013 and 2015

### Transport

Figure 30: Proportion of transport and storage businesses buying cloud computing services, by type of service, 2013 and 2015

### Accommodation and food

Figure 31: Proportion of accommodation and food services businesses buying cloud computing services, by type of service, 2013 and 2015
