

Consumers and the Economic Outlook - Quarterly Update - UK - August 2018

Report Price: £1995.00 | \$2693.85 | €2245.17

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

“Consumers continue to worry about the impact Brexit will have on the UK economy. But people are still focussing much more on their own financial situations, which are currently in a pretty healthy state. The base rate rise will make it harder for some, but the general outlook is positive as long as employment figures stay strong.”

– **Rich Shepherd, Senior Financial Services Analyst**
