“IT developments are relentlessly progressing, and the speed of change continues to gather pace. This is boosting the IT services market, while customer investment hesitancy with the economic uncertainties created by Brexit is further encouraging the adoption of flexible pay as you go costing models for both hardware and software.”

- Terry Leggett, Senior Analyst

This report looks at the following areas:

- How is Brexit impacting demand for IT services?
- Just how significant are the impact of changes?
- What about the IT changes?
