

Shampoo, Conditioner and Hairstyling Products: Incl Impact of COVID-19 - Canada - May 2020

Report Price: £3254.83 | \$4395.00 | €3662.99

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

“As Canadians stay at home to flatten the curve, consumers are taking a more relaxed approach to their haircare. Hair washing and styling routines have moved down the list of priorities and, as a result, haircare product usage is expected to decline in the short term.”

– **Meghan Ross, Senior Home & Beauty Analyst**

This report looks at the following areas:

- The impact of COVID-19 on consumer behaviour and the haircare market
- How the haircare market will fare post-COVID-19
- Product usage among key consumer groups
- Consumer attitudes about their hair and haircare products
- Consumer interest in haircare innovations
