

Schools, Universities and Hospitals - UK - February 2020

Report Price: £995.00 | \$1343.55 | €1119.77

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

"A near-decade long squeeze on public spending has significantly affected the condition of the education- and health-related estates, placing them under increasing public scrutiny."

– **Francesco Salau, B2B Analyst**

This report looks at the following areas:

- Unaddressed estate issues will increase maintenance costs
- Pivot towards public investment offers a chance to normalise new practices

The market value for the construction of schools, universities and hospitals rebounded in 2018 after three consecutive years of decline. The 5% increase in market value was driven by an increase in public sector activity in the health segment.
