

IT Services - UK - February 2020

Report Price: £995.00 | \$1343.55 | €1119.77

The above prices are correct at the time of publication, but are subject to change due to currency fluctuations.

This report looks at the following areas:

- Has the cloud made IT services economy independent?
- Is GDPR continuing to underpin growth?

“The IT services market is growing irrespective of economic uncertainties, driven by the continued digitisation of business and public services; the migration of data and computer functions to the cloud; the Internet of Things; and mobile data volumes and speed - all underpinned by security and compliance issues.”

- Terry Leggett, Senior Analyst
