Telecommunications usage is changing significantly thanks partly to technological developments, but strict regulation and intense competition are driving market revenues down. Major structural changes in the industry are now materialising as the UK looks to move in the same direction as much of Europe and the US.”

– Terry Leggett, Senior B2B Analyst

This report looks at the following areas:

- How will the market develop over the next five years?
- How are our changing communication habits affecting the telecommunications industry?
- How will the increasing move towards ‘quad play’ shape the market and what will be the consequences for the industry?
- How will revenues from each product area change?
- How rapid will 4G take up be, and when will 5G start?
## Table of Contents

### Executive Summary

- **The market**
  - Figure 1: Development of the UK telecommunications market, 2008-14
  - Figure 2: Forecast development of the UK telecommunications market, 2015-19
  - Figure 3: Segmentation of the UK telecommunications market, 2014
  - Figure 4: Segmentation of the UK mobile telecommunications market, 2014
  - Figure 5: Segmentation of the UK fixed telecommunications market, 2014

- **Market factors**
  - Figure 6: Segmentation of the UK telecommunications market, 2008-14
  - Figure 7: Segmentation of the mobile telecommunications market, 2010-14
  - Figure 8: Segmentation of the fixed line telecommunications market, 2010-14

- **Companies**
  - Figure 9: The emerging quad play, 2014

### What we think

- **Why are so many major structural changes in the telecommunications sector now being considered?**
- **How are communication methods changing?**
- **How is 4G progressing and what impact is it having on telecommunication usage?**
- **What about superfast broadband?**
- **Why is corporate data not a growing market for telecommunication revenues?**
- **So what is next in store for telecommunications?**

### Key Issues

### Introduction

- **Definitions**
- **Methodology**
- **Abbreviations**
- **Market positioning**
- **Market factors and issues in the market**

### Economy

- **UK economy**
  - **Overview**
    - Figure 10: UK GDP quarterly development, 2003-14
    - Figure 11: UK GDP in economic downturns and recoveries since 1979
  - **Inflation**
  - **Interest rates**
  - **House prices**
  - **Consumer spending**
